

WPG Americas Inc., a member of WPG Holdings is a leader in providing LED lighting solutions. Whether you are building luminaires, portable lighting, architectural lighting, signage, or any of the vast LED lighting applications now emerging, we can fully support your design requirements.

Our customers benefit from our global supply chain expertise, superior design capability and partnership with leading-edge technology companies.

Contact a WPG lighting specialist today at 888.WPG.8881!
