WPG Americas Inc. Announces Partnership with NMB Technologies Corporation

San Jose, Calif., February 2, 2017 - WPG Americas Inc. today announced a new franchise agreement with NMB to distribute their full line of cooling fans and blowers. These products improve accuracy, efficiency and performance of a variety of applications such as medical diagnostic equipment, horticultural lighting & industrial machinery and controls.

"WPGA is very excited to add a premier cooling solution manufacturer to our line card. We are now positioned to provide our customers with the highest level of thermal reduction as part of our system solutions. NMB's wide portfolio of products will allow WPGA to further satisfy our existing customer base while allowing us to venture into new growth markets," said Rich Davis, President of WPG Americas Inc.

"Given NMB's product mix, and our commitment to bringing leading-edge technologies to market, this new partnership with WPG Americas, Inc., enables us to expand our customer reach and drive growth in the thermal management sector," said Alvaro Espinoza, Sales Manager of NMB.

About WPG Americas Inc.

Headquartered in San Jose, CA, WPG Americas Inc. is a member of WPG Holdings, a \$16.24B worldwide distributor of semiconductors, passive, electro-mechanical and display products. Founded in November 2007, WPGA is a franchised partner for leading technology suppliers.
