WPG Americas Inc. Announces New Partnership with Telit to Distribute Their IoT Module Offering

San Jose, Calif. – February 19, 2018 – WPG Americas Inc. (WPGA), a subsidiary of WPG Holdings, the largest global electronic components distributor, announced today a new agreement with Telit to distribute their comprehensive portfolio of specialty communication IoT modules in North America. The company's broad product portfolio includes Cellular, Wi-Fi, Bluetooth, LoRa and GNSS modules. For more information, visit: <https://www.telit.com/products/iot-module-selector/>.

"We're extremely pleased to add Telit to our Intelligent Connectivity portfolio. Telit's market leading connectivity modules will most definitely play a key role in WPG Americas go-to-market Intelligent Connectivity strategy," said Rich Davis, President of WPG Americas.

"We are excited to bring a new distributor for the North America market that is a worldwide leader in the semiconductor, passive, electromechanical, interconnect, display and lighting solutions markets," said Dennis Kelly, Vice President of Sales America's Telit. "Together we can offer customers design engineering services, quality products and solutions to enable their IoT solutions."

About WPG Americas Inc.

Headquartered in San Jose, CA, WPG Americas Inc. is a member of WPG Holdings, a \$17.5B worldwide distributor of semiconductors, passive, electro-mechanical and display products. Founded in November 2007, WPGA is a franchised partner for leading technology suppliers. As a member of WPG Holdings, WPGA is uniquely positioned to offer total solutions to its diverse customer base. WPGA continues to introduce new leading edge technologies, quality service and design-in focus through its superior engineering programs.
