WPG Americas Inc. Announces New Partnership with Artesyn Embedded Technologies

San Jose, Calif. – July 18, 2017 – WPG Americas Inc. (WPGA), a subsidiary of WPG Holdings, a global electronic components distributor, today announced a new distribution agreement with Artesyn Embedded Technologies, a global leader in the design and manufacture of highly reliable power conversion products. Covering the Americas, the agreement brings together one of the largest manufacturers of power supplies in the world with one of the largest global electronic components distributors.

“WPG Americas is excited to announce an Americas distribution agreement with Artesyn Embedded Technologies. Artesyn is a premiere brand and we are thrilled to add them as a focus supplier to our line card,” said Rich Davis, President, WPG Americas. “The synergy between our two companies in the industrial, medical & lighting markets will enable WPG Americas to provide our customers the most efficient and cost-effective solutions in the industry.”

“Adding WPG Americas to our channel portfolio in the Americas is a key component of our growth strategy,” said Gene Anderson, VP of Americas Sales for Artesyn Embedded Technologies. “The company has a strong presence with established customer relationships and a deep commitment to the power supply market. The Artesyn team is excited about this new partnership and we are looking forward to the growth that this will bring both of our businesses.”

About WPG Americas Inc.

Headquartered in San Jose, CA, WPG Americas Inc. is a member of WPG Holdings, a \$16.65B worldwide distributor of semiconductors, passive, electro-mechanical and display products. Founded in November 2007, WPGA is a franchised partner for leading technology suppliers. As a member of WPG Holdings, WPGA is uniquely positioned to offer total solutions to its diverse customer base. WPGA continues to introduce new leading edge technologies, quality service and design-in focus through its superior engineering programs.
